January 30, 2023

### **Water conservation notice issued from Hanalei to Hā'ena until further notice**

(6:15 a.m.) HANALEI - The Department of Water (DOW) has issued a water conservation request for the north shore of Kaua'i; from Hanalei to Hā'ena, until further notice due to electrical power outages and severe weather conditions occurring in the area. Customers are advised to limit water use to essential needs only, such as cooking, drinking or sanitation use, to prevent a full water service outage.

Additional water conservation measures include turning off appliances and fixtures that automatically draw water such as ice machines and irrigation systems.

An update will be provided when the conservation notice has been lifted.
